Speakers: Mr. Albert P. Leonard, P.E. of The Great Lakes Construction Co.
Mr. John Shanks, P.E. of Burgess & Niple, Inc.
Mr. Jeff Walters, P.E. of FIGG

Program: The following awards/projects will be presented:

Outstanding Rehabilitated Major Bridge – This year’s recipient is the Thomas A. Edison (S.R. 2) Bridge over Sandusky Bay. The rehabilitation of these twin, 23-span, 2048-foot long, widened prestressed I-girder bridges beat the project construction schedule and was awarded an ODOT QCQA incentive.

Outstanding New Short Span Bridge – This year’s recipient is the High-Main Street Bridge in the city of Hamilton. This 5-span, 550-foot long, variable depth, spliced pre/post-tensioned concrete girders reflect the appearance of a concrete arch. It’s ornate aesthetic detail blend well with the adjacent architecture.

Outstanding New Major Bridge – This year’s recipient is the Veterans’ Glass City Skyway Bridge over the Maumee River in Toledo. At a cost of \$237 million, the 8800-foot long bridge’s centerpiece is its 1525-foot long cable-stayed main span that features a 440-foot tall, glass-faced pylon. It carries over 68,000 vehicles per day along I-280 and completes an important link in Ohio’s interstate system.

Location: Harry’s Steakhouse – 5664 Brecksville Road, Independence, Ohio
