

Monthly Meeting Notice

Tuesday - February 21, 2006

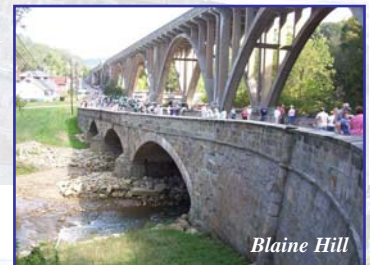

Outstanding Bridge Awards Dinner

Speakers: Hamid Homae, P.E. – Lichtenstein Consulting Engineers, Inc.
Larry Ciborek, P.E. – Michael Baker, Jr., Inc.
Brian Sarratore, P.E. – The Great Lakes Construction Company

Program: Please join us at our annual awards dinner where we will be presenting awards to the following projects:

Outstanding Rehab. Short Span Bridge – Blaine Hill over Wheeling Creek

The 1828 3-span stone arch was in need of a very complex rehabilitation. This project involved utilization of simple details & methods that made the work much less expensive than originally anticipated. The end product is a beautifully restored 177-year old structure.

Blaine Hill

Outstanding New Short Span Bridge – Fleet Avenue over I-77

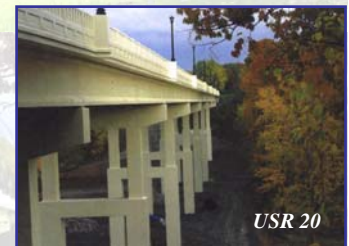

This is a single-span, steel girder replacement bridge with unique, inexpensive aesthetic enhancements that reflect the flavor of the community and helped to make the project a success.

Fleet Avenue

Outstanding New Major Bridge – U.S.R. 20 over Conneaut Creek

The graceful appearance and constructability of the decorative rail along with the overall shortening of this 1031' long viaduct caught the eyes of our judges to select it for this award.

USR 20
