Lincoln Electric – Welding Facility Tour

Program: Lincoln Electric's main Corporate Headquarters building is approx. 1.6 million square feet in size. It is the largest facility in the world solely dedicated to the manufacture of welding equipment and consumables.

The Machine Division Tour, which is based in the main Corp. Headquarters building, covers the general process of their unique piece work/Incentive Management compensation as well as the manufacturing & assembly process of their welding machines. The Automation Division is located in their newest acquired building on the Euclid Campus (next door and to the West of the Corp. Headquarters building).

Speakers will include Lon Yost, a senior application engineering team member with a number of years of experience specific to structural and bridge welding; and Duane K. Miller, Sc.D., P.E., a recognized authority on the design and performance of welded connections.

Location: 22801 St. Clair Avenue
Cleveland, OH 44117 (Phone 216-481-8100)
See attached map from Lincoln Electric. Park in visitor lot and enter through "Administration"

Time: 8:00am to 12:00pm (Please try to arrive by 7:50am so that we may start on time)

Misc: Please wear appropriate clothing including comfortable, closed toe shoes. Safety glasses and hearing protection will be provided.

RSVP: Contact Elaine Magoch at (216) 771-1090 or email: emagoch@dlzcorp.com
