ODOT's New Bridge Inspection & Management Software

Speakers: Rick Wagner, PE Shelly Kendrick, PE Kirk Dimmick, PE
InspectTech ARCADIS Lake County

Program: ODOT is replacing their Bridge Inspection & Management system *and* the CEAO Bridge Program with the new customizable *InspectTech* software. Utilized by many agencies across the U.S., *InspectTech* is internet-based software used for inspection and management of a bridge inventory, as well as a central location for all information related to the bridge and other assets. Because the software is internet-based, it will be more easily accessible than the current system – both by owners and consultants alike. ODOT has assembled a BMS steering committee comprised of ODOT District engineers, county engineers, city engineers and a consultant, which are assisting with the customization of this program to meet Ohio's needs. The speakers are part of this steering committee and as an added bonus, *Mike Loeffler*, ODOT's Assistant Administrator of Bridge Operations and Maintenance and leader of this Steering Committee, will be in attendance to assist with answering questions. Visit *InspectTech's* website at: <http://www.inspecttech.com/>

Location: Holiday Inn Akron-West (Montrose)
4073 Medina Road, Akron, Ohio 44333

Dinner: Selection of: Chicken Marsala, Garlic Mashed Potatoes and Green Beans Almondine **OR** Pasta Primavera. Both selections served with a Salad, Rolls, Dessert and beverage choices of Coffee, Hot or Iced Tea.
